THANK YOU DENTISTS OF CHICAGO

Chicago was the first test area for Phal. We knew what it would do, but we wanted to be certain of your reaction to this new dentifrice.

Your reports have given us the feeling that years of research and the expenditure of many thousands of dollars has not been in vain. We thank you for your recommendations . . . for accepting Phal in your practice . . . and for testing it in your own mouths.

It took 7 years of hard work to compound a home care product which *thoroughly cleans* the mouth . . . is pleasant to use . . . and is mildly *alkaline*.

Do not think of Phal as a flavored soap or detergent; but as a dentrifice whose *cleaning* effect is built around *physiological salts*.

We ask you to help us keep Phal ethical . . . place it in your armamentarium along with your antibiotics, sedatives, etc.

MAKE PHAL YOUR PRESCRIPTION OF CHOICE

Phal

Assists the tooth brush in fulfilling all of the accepted requirements for perfect oral **HYGIENE**.

1. IT WILL PRODUCE AN ALKALINITY OF OVER pH 7.5.
2. IT IS ALL SOLUBLE.
3. IT IS NON-IRRITATING.
4. IT IS PRACTICALLY NON-ABRASIVE.
5. IT IS HIGHLY PALATABLE.
6. IT IS HARMLESS IF SWALLOWED.
7. IT CAN BE USED BY THE ENTIRE FAMILY.

News Items

JOINT TESTIMONIAL DINNER

A joint testimonial dinner for Dr. Walter E. Dundon, immediate past-President of the Chicago Dental Society and presently a Vice-president of the American Dental Association, and for Dr. Robert J. Pollock, immediate past-President of the Illinois State Dental Society, will be held in the Glass Hat Room of the Congress Hotel on March 19th. Drs. James Keith and Carl Madda are co-chairmen of the affair and Dr. Gerson M. Gould is ticket chairman.

ORAL SURGEONS ELECT NEW OFFICERS

The following officers for 1959 were selected by the Chicago Society of Oral Surgeons at its election on December 12th at the Palmer House: President, O. Kenneth Johnson; Vice-president, John P. Lavieri; Secretary, Benjamin Gans; Councilman, Robert A. Atterbury.

PSI OMEGA PARTY

A Psi Omega Fraternity party will be held on Sunday, February 8, 6:00 p.m., at the Conrad Hilton Hotel—subscription, \$2.00 each. Reservations should be made with the fraternity's central office at 3313 West Street, Weirton, West Virginia.

NAVAL RESERVE MEETING

Captain William H. DeWolf, DC USNR, Commanding Officer of U. S. Naval Reserve Dental Unit 9-6, invites all reserve dental officers to attend the following scheduled drills: 23 and 30 January, 20 and 27 February, 13 and 20 March, 1959. All meetings start at 8:00 p.m. and are held at USN & MCRTC, 1100 Central St., Evanston.

Dental officers who wish to participate in the Reserve Promotion and Retirement Program may submit their request on any of the above dates.

UNIVERSITY OF ILLINOIS ORAL SURGERY COURSES

The College of Dentistry of the University of Illinois is accepting applications for two and three-year full-time courses in oral surgery beginning in September, 1959. Both programs carry credit toward a Master of Science degree.

Further information can be obtained from Dr. Daniel M. Laskin, Department of Oral and Maxillofacial Surgery, University of Illinois, 808 S. Wood St., Chicago 12, Illinois.

Top Billing for Our Public Relations Program

[The article which appeared in the Sunday Tribune Magazine Section of December 14th, 1958 is another fine example of public dental health education and public relations carried out by the committee on public relations and our counselors. We are very appreciative of the fine spirit of cooperation shown by the Chicago Tribune in rendering a real public service. This material would make excellent educational material for your patients.]

Never before has dental science had so many effective weapons for the protection of children's teeth. But none of them will help much unless parents do their part.

"There is little excuse for the appalling statistics on dental disease," says Dr. George W. Teuscher, dean of Northwestern university dental school and president of the Chicago Dental society. "The problem now is putting knowledge into action."

The most obvious way in which parents can help put this knowledge into action is by seeing that regular dental inspections begin at an early age—even before the first teeth are completely in. Parents should also know about the way teeth develop, and about the bearing of oral hygiene and proper diet on later dental health.

"It is very important that the first teeth be kept in good functioning condition, free of cavities and infection," Dr. Teuscher says. "This is the best assurance that your child's permanent teeth will be strong and healthy."

The four central incisors usually begin to appear about midway in the infant's first year. A few months later, the four lateral incisors come in at either side of the central teeth. Nature skips a few spaces to shape the jaw—then, at a year to 16 months, adds the back teeth, or molars. The cuspids gradually fill in the line, and the second molars arrive at about 2 years of age.

Dentists emphasize the importance of caring for the first permanent molars, which emerge at age 5 or 6 and which do not replace any of the first teeth but come in behind them. These teeth, some-

times called "the keystone of the dental arch," are vital to the structure of the mouth, the alignment of other teeth, and the contour of the face. They will not be replaced if lost.

Some of the most important protective measures that parents can insist on relate to oral hygiene and diet.

Dr. Teuscher lists three simple but important ways of helping to prevent tooth decay. One is a careful cleansing immediately after eating. Use a good tooth brush and rinse the mouth thoroly. The rinsing is just as valuable as the brushing, because it removes deposits of soluble sugars and starches. An acid capable of attacking enamel is formed by bacteria acting on the sugars and refined starches on the surface of the teeth.

A second method is to avoid excessive intake of candy, soft drinks, ice cream, cookies, and other confections that contain large amounts of sugar.

The third weapon, and the only one not under direct parental control, is fluoridation of community water supplies. Fluoridation has reduced dental decay by as much as 65 per cent, and its value has been proved beyond question, especially when the drinking of fluoridated water is begun in early infancy. At that time, even before the first incisors emerge, the fluorides are being incorporated in the enamel.

"Fluoride has a close affinity for calcium," Dr. Teuscher says. "It will kick aside any other association to get at a calcium molecule, but it is less able to do this if the teeth are not really clean. Most people don't brush their teeth thoroly enough."

LETTER

*To all Persons Interested in
Dental Education and Licensure:*

The Fifteenth Congress on Dental Education and Licensure will be held at the Conrad Hilton Hotel, The Williford Room, Parlor "B" at Chicago, Illinois, on February 7, 1959. As you know, this conference is sponsored each year by the Council on Dental Education and is planned and designed specifically to discuss problems of particular interest to examiners and educators.

The general theme for the program that is planned this year is, "Some Centennial Perspectives." The speakers assigned to the morning session of the meeting will present papers on the sub-theme, "New Dimensions in Dental Education," while the speakers appearing on the afternoon session of the meeting will present papers on the sub-theme, "Dental Licensure: Past, Present and Future." A copy of the preliminary program has been attached for your information.

Two reports have been included on this year's program, both of which should be of special interest to you. In the morning session, Dr. F. A. Arnold, Director of the National Institute of Dental Research will present information regarding the "Stimulation of Dental Research Through Research Training Program Grants of the National Institutes of

Health" and in the afternoon session, Dr. Byron S. Hollinshead, Director, Survey of Dentistry, will give an interim report on the Survey entitled, "A Look at the Future of the Dental Profession." The Council is most gratified to be able to present these two significant reports as a part of its regular Congress program and is sure that everyone having a primary interest in the future of dental education and licensure will want to hear them.

As in the past, the Council expects that audience participation in the discussions following the presentation of papers will be a major and significant part of the meeting. Two "commentators" have been assigned to present a 10-minute review and discussion of each of the remaining four papers. Through the use of these "commentators" it is expected that the general audience will be challenged to join in the discussion that is provoked by the views and thoughts of the principle speakers.

We are sure you will agree that the program planned for the Fifteenth Congress will be an interesting and stimulating one and that you will want to make plans to attend the February 7 meeting to help make it an even greater success than the previous programs have been.

Cordially yours,
Shailer Peterson, *Secretary*
Council on Dental Education

EDITORIAL

Importance of Keeping Accurate Dental Records

The fire disaster at the Our Lady of the Angels grammar school, which occurred just before Christmas, has again pointed up the importance of keeping good and accurate dental records for it was by this means that a number of the unfortunate children were identified. Several of our members rendered yeoman service in helping to establish the identity of a number of children. Several months before this catastrophe the accurate records of another member of our Society made possible the positive identification of Bonnie Scott whose dismembered body was found in the Palos Forest preserve area. Without this positive means of identification a long and time-consuming procedure might have been necessary.

It is our sincere hope and prayer that it never become your unfortunate duty to have to identify one of your patients whom disaster has struck; yet should this happen you may be of tremendous service to those who have been left behind because you have kept accurate dental records. The knowledge that the victim is positively identified will assuage the grief at least so far as the uncertainty which attends such disaster.

If you do not keep accurate and complete records, make it one of your New Year resolutions to begin to do so today and then pray that you never will have to use them but still you'll have that feeling down deep inside that should the need arise you are ready and able to be of service.

Dr. Leroy E. Burney Will Address Civic Luncheon

Dr. Leroy Burney, Surgeon General of the United States Public Health Service will be the principal speaker at the Civic Luncheon of the Midwinter Meeting. This luncheon will be held in the Grand Ballroom of the Conrad Hilton Hotel on Monday, February 9th, at noon. Dr. Burney has spent one-half of his fifty-one years in public health service in all parts of the country and has always worked closely with the American Medical Association and other health agencies. As a result of his cooperative spirit he was most successful in handling the problems which arose over the distribution of the Salk vaccine, the Asian flu epidemic and many others such as the cigarette controversy and dangers of mass x-rays. His whole life has been dedicated to advancing and improving the health of the public.

This Civic Luncheon will mark the official kick-off of the Centennial celebration of the American Dental Association and it is hoped that the Governor of Illinois, William Stratton and the Mayor of Chicago, Richard Daley, will be at the speaker's table. Dr. Percy Phillips, President of the American Dental Association, will bring the greetings of the Association. There will be many other representatives of civic organizations present.

A very gala affair is planned and a sellout crowd is expected. Luncheon will be \$5.00 and reservation can be made at the Central Office or at the reservation desk in the Normandie Lounge on Sunday morning. Tables of ten will be reserved in the order of receipt of reservation requests. They will be accepted after January 15th.

A Nite at the Chez

Dr. Vance Phillips, Entertainment Chairman, has arranged a complete package deal with the world-famous Chez Paree for a "Nite at the Chez" at a cost of \$15.00 per person. This includes two cocktails, a seven-course dinner with prime ribs of beef, the famous Chez floor show and dancing to the Henry Brandon Orchestra. Preferred seating has been arranged and reservations in advance may be made by filling out and mailing the coupon below. Seating will be arranged in tables of ten and twelve. Remember, \$15.00 covers the works per person (including all tips and taxes).

Fabulous Sammy Davis, Jr., the headline attraction, along with Elisa Jayne, the Chez Paree Adorables and the Brandon orchestra make up the outstanding show.

This is a "Special" for Monday night, February 9th, 1959.

NEWS OF THE BRANCHES

Kenwood-Hyde Park

Here I am again this time pinchhitting for Moe Gelberd while he's pinchhitting at a country resort pub. . . . Moe and a goodly number of our boys of Kenwood-Hyde Park closed 1958 and started 1959 with gay and festive activities. . . . Joe Wiener is again visiting colorful Mexico City and Acapulco and returning via our West Coast and Las Vegas. Prudent Joe used "Jack Benny" wisdom in seeing Las Vegas last. . . . Joe and Mrs. Scudder and daughter headed west for Los Angeles, Hollywood and Disneyland. . . . Bob and Aline Wells are paying for that new East-West toll road by frequent visits to the Ole Homestead in Michigan. . . . Carl and Mrs. Greenwald and lovely daughter Carole spent the Holidays down Miami way. . . . Graham and Susan Davies and little Laura Ann were planning to visit their cottage in Michiana. . . . Walt Dundon had a bit of unusual news to report, he's not going anywhere, doing anything, just practicing dentistry. . . . Warren Lutton and family spent the Holidays quietly at home. Even their dog was quiet in spite of their cat. Did you ever see their cat? . . . Resourceful Vic Wittert, our fine program chairman, just acquired a 22-foot sailboat at winter prices. What a (sale) boat. . . . Ed Schaaf is planning to change the name of charming Marge Eubanks. Looks like he'll succeed sometime this summer. Congratulations to you both. . . . Jean Jacobi gave a gay Christmas party for colleagues. . . . Our genial Willard Johnson, executive council member of the Illinois State Society, helped make dental legislative history at the recent Springfield meeting. . . . Ascher Jacobs, our capable dinner chairman, was down there, too, venting his enthusiasms. He is a member of the public policy committee of the Illinois State Society. Ascher is expanding and modernizing his Hyde Park office. We wish him well. . . . Bob Pinkerton and

yours truly presented table clinics at the recent University of Illinois College of Dentistry Alumni Day. . . . Ed Kozak and some of his students gave a clinic presentation also. Ed is planning to give a table and projected clinic at the Midwinter Meeting. At this successful gathering I also met Ben Gans, Seymour Yale, Joe Scudder and Arthur Molay. I inspected a couple of nuclei in the very interesting research laboratory of Milton Engel. . . . Our director Jesse Carlton reminded us of two important changes at our great 94th Midwinter Meeting of the Chicago Dental Society. The general session will not take place as usual on Monday night; instead there will be a Monday luncheon. Also, the Dinner-Dance will be held Tuesday night, February 10th. Last year's affair was tremendous and this year is expected to be super colossal. Remember this is the ADA centennial year. Give yourself properly to our great Midwinter Meeting and you will leave it with renewed vigor and enthusiasm, the ingredient of which is your greatest practice builder. . . . See you there. (It's all yours, Moe.)—*Henry H. Leib, Ex-Branch Correspondent.*

Englewood

Ring out the Old! Ring in the New! Once again we greet the New Year with its promise of prosperity and happiness, its expectation of progress in science and culture, its threat of world-shaking events. So, with hope in our heart and a prayer on our lips, let us check over our records to see if we haven't overlooked a possible tax deduction for 1958. . . . Program Chairman Unger has started the ball rolling for Englewood's first meeting of the year. In this case it is the "Crystal '8' Ball" with the speaker, William Clark, Financial Editor of *The Chicago Tribune*. In March, the meeting will feature an interprofessional panel. . . . Faithful

reporter, Brooks, phoned to say that Joe and Mrs. Plewa left for a ten-day vacation on an island off the coast of Florida. . . . And, that Al Person is moving his office to 111th and Artesian Street. . . . Jim Hogg has joined the sport-car circle with the purchase of a blue and white M.G. His ostensible purpose is transportation between his Chicago and South Holland offices. . . . That other M.G. enthusiast, Dick Valentine, featured a lighted Christmas wreath within his spare tire. . . . Jim Green has been conducting a personal investigation of the laws of chance. He flew to Las Vegas for a long week-end. Jim reports that everything was as good as advertised. . . . Charley

Milton celebrated with a Christmas dinner at which eight of his grandchildren were present. . . . Jim Nowlan is proud of his two latest acquisitions, a new granddaughter and a new Dodge.—*Kenneth P. Sharpe, Branch Correspondent.*

Northwest Side

I trust that we have all made many good New Year resolutions which we will wholeheartedly endeavor to keep. I believe that I would not be very far off if one of these resolutions were to do finer dentistry as well as do better finan-

(Continued on page 26)

REGULAR MONTHLY MEETING of the CHICAGO DENTAL SOCIETY

December 16, 1958

Our pre-meeting entertainment this time was a color film on beautiful Hawaii and was a pleasant prelude for the many who arrived early.

President Teuscher called the meeting to order at 8:00 p.m. Motion made and seconded to dispense with the reading of the minutes of the November meeting. Motion passed. Motion made and seconded to approve the minutes of the November meeting as published in the December 15th issue of the *FORTNIGHTLY REVIEW*. Motion carried.

Reports of standing committees—none.

Reports of special committees—none.

Unfinished business—none.

New business:

Dr. Robert J. Pollock, President of the Illinois State Dental Society, presented pins and certificates to the following men who have been in dentistry for fifty years: Drs. Frank J. Bernard, Albert W. Campbell, John D. Lyding, George Edward Meyer, Roderick M. Morange, and Edwin P. Swatek. Dr. Pollock in making the presentations conveyed the admiration

and gratitude of those present to these men who have paved our way in dentistry. Drs. Victor H. Gregg, A. L. Boman and Aaron W. Chulock were not present to receive their certificates and pins.

Dr. Teuscher then presented an Honorary Membership Certificate to Dr. Eugene W. Skinner, and *in absentia* to Drs. Harry Sicher and Shailer Peterson, who were unable to be present.

Dr. Teuscher presented Dr. A. H. Grunewald, program director and lecturer of the third session of the post-graduate course in prosthodontics. Dr. Grunewald made a dynamic presentation of theory, application and procedure in articulation, tooth selection, etc.

Dr. Jack LaDue was present to discuss tooth selection, etc., which he presented very well.

Again the speakers were honored with an overflow audience. President Teuscher adjourned the meeting at 10:00 p.m.

Respectfully submitted,

James N. Lynch, *Secretary*

Illinois Dental Assistants Association

Midwinter Meeting Preliminary Program

Saturday and Sunday, February 7 and 8

Bel Air Room, Third Floor

Conrad Hilton Hotel

The Illinois Dental Assistants Association will hold its 19th Annual Midwinter Meeting, all day, Saturday and Sunday, February 7th and 8th, in the Bel Air Room of the Conrad Hilton Hotel. The meeting is open to all dental assistants, members, non-members and guests. Registration will commence at 9 a.m., Saturday. The General Meeting will be called to order by our President, Juanita Little, at 9:30 a.m. Our program is filled with outstanding speakers, those at the Saturday morning session will include, Dr. William P. Burch, Instructor, Pedodontics, at the Loyola University School of Dentistry who will speak to us on "The Assistants Duties in Pedodontia"; Dr. Thomas Thanasouras, Instructor, Crown and Bridge, Loyola University School of Dentistry, will lecture and present a table clinic or demonstration on, "Wax and Its Handling"; Dr. Mario V. Santangelo, Instructor, Oral Diagnosis, Loyola University School of Dentistry, will lecture and present a clinic on "Dark Room Phases of Dental Radiography." A representative from the Civil Defense office in Chicago will speak to us and show a movie on "Civilian Defense."

Saturday afternoon, registration will commence at 1:30, and the House of Delegates first meeting will be called to order at 2 p.m. by President Little. Immediately following, an Information Conference panel will be presented by a group of our dental assistants, with Juanita Little serving as moderator. A question and answer period will follow.

Sunday, February 8th, registration will begin at 9 a.m. From 9:15 to 10:45 a.m., we will have several outstanding clinics presented, some are listed below:

"Colorimetric Diagnosis of Caries Activity," by Marge Watkins, Eastern Illinois D.A.A.

"Assisting in Oral Surgery," by Lillian Ashcraft, West Virginia Dental Assistants Association.

"Training of Dental Assistants at the University of Illinois," by Marie Venture, Roseanne Kirn, Jan Ellis, and Dorothy Pilot, from the University of Illinois, Chicago D.A.A.

"What Is An Assistant?," by Arlene Karlson, Chicago D.A.A.

"Have You Seen Your Recalls Lately?," by Florence Phillips, Chicago D.A.A.

"Dental Office Management," by Deanna Rudich, Chicago D.A.A.

"Beneath the Surface and the Unknown," by Georgia Angelopoulos, Chicago D.A.A.

"Inlay Investing," by Adele Conroy, Chicago D.A.A.

"Before and After Photography as an Adjunct in the Dental Practice," by Martha Johnson and Eleanor Whyld, Chicago D.A.A.

"A Method of Characterizing Acrylic Veneer Crowns," by Sidna Ground, Eastern Illinois D.A.A.

There will be a coffee break from 10:30 to 11:00 a.m. At 11:00 a.m., the House of Delegates second meeting will be called to order. One of the main items on the agenda at this meeting will be the election of new officers for the coming year. Following the Business Meeting and election of officers, while we are waiting for the election returns, Dr. Stanley K. Nord, Bloomington, Illinois, Physician and Surgeon, will present us a short talk on "Ethics." Meeting will adjourn at 12 o'clock noon. At 12:30, a luncheon will be held in the Mayfair Room of the Sheraton-Blackstone Hotel, honoring our President, Juanita Little, and in recognition of the retiring officers, newly elected officers, past presidents, coun-

selors, ADAA officers and guests. Don't miss this luncheon as there will be presentations of a number of different awards. At 2:30 p.m., in the Bel Air Room of the Conrad Hilton Hotel, the General Meeting will be called to order by President Little. Amongst some of the Highlights of the afternoon, will be messages from each of our three Counselors: Dr. Elmer Ebert, Chicago; Dr. Walter W. Winter, Decatur and Dr. Phil Chain of Peoria. Our newly elected 6th District Trustee, Miss Ruth E. Maino, Jackson, Michigan, will address us on, "Your Trustee and YOU." Another outstanding speaker will be Dr. Harold Drummond of Chicago who will give a very entertaining address on, "The Wit, Wisdom and Philosophy of Robert Burns." A tea honoring the newly installed officers will follow.

Saturday night, February 7th, a dinner with music by a five-piece orchestra, along with other entertainment, will be held in the Havana Room of the Sheraton-Blackstone Hotel.

For dinner and luncheon reservations and information, contact the Local Arrangements Co-Chairmen: Mrs. Lola Simons, 5962 N. E. Circle Ave., Chicago 31, Illinois or Marie Venture, 629 S. Jackson St., Hinsdale, Illinois. Reservations should be made in advance if possible.—*Maurine Wheeler, President-elect and Program Chairman.*

NEWS OF THE BRANCHES

(Continued from page 14)

cially. These two items are not necessarily left to Lady Luck but rather a constant study of methods and principles as well as strict application to ideals. . . . At our December meeting we were very fortunate to have as our guest speaker Dr. Henry H. Parkin whose subject was that of "Practice Management." His topic was timely and well received by all those who attended and the majority left this meeting with food for thought as to their New Year's resolutions. Are you one of those who are content with their lot in life or do you plan to make a few New Year resolutions which will be meaningful and concrete? . . . As you all know, there will not be any further meetings until the first Tuesday in March which is on the 3rd. Please mark this day off in your calendar of events right now. The topic and speaker will be announced in a future issue. . . . To all the members who are thinking of participating in the Workshop on "Emergency Casualty Care for the Dentist" and desire more information as to the time and place, please contact Lee Schwartz at SP 2-8282. . . . A speedy recovery is wished for Alf Altern's mother-in-law who I understand is suffering from an attack of virus flu. . . . Received a card from Dan D. Klein who was at the New York convention and said he saw many Chicago boys there and sends his best regards to all. . . . Well, the Midwinter Meeting is al-

most upon us and I think we are all planning to attend this fine event to see the many fine commercial exhibits as well as to attend the various clinics being offered. Immediately following the Mid-winter Meeting one of our new branch members Dr. Elaine A. Stuebner will give a two-day postgraduate course at the University of Illinois. The topic will be, "The Use of Premedicating Agents and General Anesthesia." This will include lectures and clinical demonstrations covering various agents and techniques. The faculty will include Dr. A. G. Anderson, head of the Department of Oral and Maxillofacial Surgery; Dr. Reuben C. Balagot, assistant head of anesthesiology; Dr. Max S. Sadove, head of Anesthesiology; and Dr. John M. Spence, head of the Department of Operative Dentistry. The dates are Thursday and Friday, February 12 and 13th. For further information write the University of Illinois College of Dentistry, Division of Postgraduate Education. . . . The Mid-winter Meeting, Feb. 8, 9, 10, and 11th; see you all there.—*Chester L. Jasick, Branch Correspondent.*

North Side

A belated Merry Christmas and Happy New Year to you! . . . As usual, the North Side Branch is on the move again. We of the North Side have undertaken to do a job in our branch, against the so-called "denturists." We have had a wonderful meeting of over 50 of our members,

who have constituted themselves as a committee to carry out our program of action. Together with our guest speakers, Karl Richardson and Edgar Stephens, your correspondent, who was made Chairman of the Dentists' Committee, outlined our perspectives for our campaign. Among those present were Clif Alsin, Jules Barrash, Harry Berman, John Brahm, Ray Bro, Paul Brown, Sheldon Bulwa, Max Chubin, Wm. d'Autremont, Walter Davis, Ned Dubrow, Art Duxler, Earl Elman, Sam Fields, Sydney Fishman, Stan Goldberg, Ed Griffin, George Haberman, Frank Hanagan, Al Harris, Murray Hoffman, Earl Hullison, Sam Jacobson, John Kalin, Ed Kirby, Art Krause, Herbert Krummel, Jack Langer, Joe Laskowski, Eli Luber, Bernard Margolis, Elmer Mertes, Henry Parkin, Clarence Peterson, Jr., Robert Robin, Santo Scavuzzo, Mel Schainis, Irving Shae-witz, Ed Shapiro, myself, Ted Siegel, Al Spiro, Martin Unterman, Fred Weitz, Nathan Welcher, Paul Wittenberg, and I may have missed a few. If I did, please let me know. . . . The district committees are functioning very well, indeed. I attended one called by the co-chairmen of the 8th District, Earl Hullison and Jack Langer and about 35 of our men showed up. It was a lively meeting, with excellent plans made to cover some 200 members living in the 8th District. The job at present is to educate our own members first and then lay plans for carrying out the perspectives laid down by the Illinois State Society. It was decided to accept voluntary contributions of

\$10.00 per dentist, to carry out all the necessary activities, publicity, mailing, etc. So far, the Uptown Forum at their last meeting raised over \$500.00 toward this campaign. We can be sure, that even if we should be able to defeat this threat to the public health and ourselves, this type of organization will probably have to be continued for another few years as we can expect these bushwackers to continue to bombard the State Legislature into passing their licensure bill. . . . Ray Bro, the Chairman of the 6th District, had a successful meeting early on Sunday morning and worked out plans to cover the 75 dentists residing in that area and is all set for further directives. . . . Art Duxler and Stan Goldberg will hold a joint meeting covering their respective districts, and we'll have a report from them soon. . . . John Kalin, Chairman of the 14th District, had his committee meet and they covered the 38 dentists living in their district, and says that their boys are raring to go. John Kalin suggests that perhaps we ought to list ourselves as "Doctor of Dental Surgery" rather than as dentists. What do you think? . . . Murray Hoffman, Chairman of the 13th District, will hold his meeting this week-end and is trying to work out some arrangement to work jointly with the 14th District. . . . Frank Hanagan is on vacation with his family in Florida, but will be back before you can read this, and reports that his area is under control. . . . Notice!!!! We have a number of members of our branch, for whom we cannot find any home addresses. If you are one who probably has an unlisted number and therefore we cannot locate you thru the phone book, will you please advise me at DE 2-7550, so that we can keep you informed of your district chairman and what our directives will be? . . . We have found that William Strauss lives in Lake Forest and therefore is in Stan Goldberg's district. . . . Stan is recuperating from a broken big toe—happened when a fire-place log fell on it. . . . Rube Kadens is coming out from under after having married off his lovely daughter. . . . Marv

Ericson came back from his deer hunting trip without a deer. Must have been a bad season for deer. . . . Lee Jacobi is in the process of moving to his newly built home. . . . Santo Scavuzzo reports that he and Joe Laskowski have joined the Moose Lodge No. 3. . . . Irv Rothenberg is off to New Jersey to visit his brother. . . . Harry Kent is in Mexico City and George Habeline is in Acapulco on the Hypnosis Seminar. . . . James O'Donoghue is in Sarasota, Fla., and Nate Welcher went to the West Indies for two weeks. Ah, me, I won't get to California to see my grandchildren until next May. . . . See you at the Midwinter Meeting.—*I. H. Shapiro, Branch Correspondent.*

West Side

The Upjohn trip was quite a successful and rewarding one for about sixty West Siders (including spouses), who stayed at the Harris Hotel in Kalamazoo. They were treated royally by the Upjohn Company who spared nothing in their role as host to our group. Lou Holzman deserves a pat on the back for his fine handling of the entire trip; nice work, Lou! . . . I wonder how many of you saw the big picture and full column news item on Gary Downing in the *Daily News* on December 17th? Gary donned a Santa Claus costume and played host to underprivileged children in his area. Just another way dentists are participating in community events. Orchids to you, Gary! . . . Walt Zipprich took advantage of the seasonal lull and skooted down to balmy Florida skies. . . . Also a communication from Dick Arado indicated he had the same idea in mind. Dick is spending a month down in St. Petersburg at his winter home. . . . Dick Arado, by the way, is our Personality Highlight for this issue. He has been practicing for over forty years and now is tapering off toward future retirement. In the summer Richard is a part-time farmer on his forty-three acres in Michigan. He feels that the time has come for him and his

Never Felt Better

Many dentists have told us that since they have had PBP they're right with the world; they have that satisfied feeling of competence, of knowing they are serving their patients better and able to serve more patients.

Men tell us that they are content; their practice is going the way it should. They have more time to spend with their families and they have peace of mind.

PBP's methods of case presentation and handling of accounts helped hold present patients and attracted new patients, too.

For your free copy of "Your Practice IS Different," fill out and mail today.

wife to do some extensive traveling. Accordingly they are planning a six-month trip around the world, starting off this coming summer. Good luck in your future travels, Dick. . . . Capsule philosophy this time from Andy Kelleher: Life consists of making many decisions—great and small—and once you have made up your mind on what is right to your way of thinking—make the decision and follow through. Thanks, Andy—will do. . . . See you all at the Midwinter Meeting.—
Samuel Silver, Branch Correspondent.

West Suburban

Howard Buchner and his administrative staff extend to the membership a belated wish for a prosperous and happy New Year. . . . The Far West Study club meets Thursday, January 22nd, at Louis' Restaurant which is located in Addison, Illinois. A timely essay will be given by Dr. Howard Gillette of Aurora on "Alveoli Preparation for Dentures." President Jim Ridlen and his officers invite West Suburban members to attend this meeting. Come out and have fellowship with a good bunch of "Joes," enjoy a very good dinner, and then hear an extremely capable clinician present some good and practical "bread and butter dentistry." If interested in attending this meeting call Hugh Ryan in Downers Grove for reservations. . . . The following men from West Suburban participated in the recent clinic day session sponsored by the North Side Branch of the Chicago

Dental Society: A. C. Maculoso, "Rehabilitation with Problems in Articulation"; Wayne Dunnom, "General Anesthesia for the Difficult Pedodontic Patient"; and Marv. Blechman, "Oral Surgery Procedures and Cases." . . . Joe Voita has always been an ardent pedestrian. One of his great joys is walking along the beach of his Michigan summer home. His dog was always his boon companion. Summer is gone but Joe is still walking. On November 29th, Joe took a very important walk with his oldest daughter Mary Jo. This was not along the beach but down the church aisle when Joe gave away his daughter in marriage. Following the ceremony a reception was held at the Nineteenth Century Woman's club located in Oak Park. Priscilla Holbrook, the popular Chicago Dental Society convention organizer, provided the music during the dinner and for the dancing. . . . It is with deep regret that we announce the death of Otto C. Wagner's father. Senior Wagner passed away on November 29th. . . . On February 6 the Berwyn Lions will present the production "Follies No. 3." This presentation will be held in Morton East auditorium of the Morton High School. The Follies Chairman is Leonard Shimandle. Leonard really goes out for entertainment talent. He has booked the WLS Barn dance group as the featured attraction. . . . Harold Ackerman attended the fiftieth wedding anniversary of his cousin. All of the Ackerman family attended this celebration. The honored couple reside in Kansas City. . . .

Bill Bingaman and partner were finalists in a recent duplicate bridge tournament held at the Hinsdale Community house. . . . Stan Krupka is happy that the holidays are about over. Stan thinks that a 60% alcoholic medium is anything but good. I think you have something there, Stanley. . . . Mrs. LeRoy Sanden directed the presentation of the "Pageant of the Holy Grail," recently performed at the Union Church of Hinsdale sanctuary. We are informed that LeRoy's wife has been a dramatic coach and writer of plays for a considerable number of years. . . . Mrs. Gordon Seatter was elected secretary of the Riverside Garden Club. . . . Over 135 West Suburbanites attended the evening session of the last November meeting. The heating mechanism at the Riverside Country Club was out of order, but in spite of this handicap an attentive audience remained to hear the instructive discourse so vital to everyday dental economics. In the afternoon session, 53 members were in attendance. . . . The task of branch correspondent can be made much pleasanter and easier to perform if news would be forwarded to the correspondent. We on the news staff for West Suburban invite your help and cooperation.—*E. J. Budill, Branch Correspondent.*

South Suburban

Most all of what you are reading here now may be "old hat" to a goodly number of you but, as most of you know, this

copy is an additional two weeks late because the January 2 issue is devoted to the program of the Midwinter Meeting. . . . To be boasting is putting it mildly when we speak of the wonderful turnout for our December workshop with Dr. Anderson. We had in attendance 32 dentists, 21 assistants and 2 guests. . . . To go on from strength to strength, we are looking forward to our spring workshop which at this time we are planning, will present a complete rundown of high speed equipment and technics along with the latest in amalgam preparations and materials. Also along this line we will be having available to us a course to be given for dentists and their assistants on procedures and technics used in taking, processing and mounting x-ray pictures. In addition to this there will be an explanation on how to add filters to reduce any stray radiation. . . . Now that the Yuletide season is behind us and those of us that took vacations in the sunny Southland (plane strikes permitting) we are just about all set to buckle down and do some real work. That is, all except Charley Cosgrove who is going to head out Arizona way to do some freeloading on his brother. Charley says he plans to do some catching up in this department after having been the donor for, lo, these many years. . . . At St. James Hospital in Chicago Heights the following men took over as the new officers for the coming year: President, J. Amram; Vice-president, R. Therese; Secretary-treasurer, W. Bendrick.—*H. C. Gornstein, Branch Correspondent.*

THE ONLY WAY TO KEEP PROGRESSIVE

is to prepare yourself for all eventualities with the FRIE-S-CO Wonder Set of Elevators and Forceps. If you do it yourself, you will know the simple way to extract Teeth. If you are NOT prepared or acquainted with the simple way, **THE PENDULUM MOVEMENT**, communicate with us. We furnish instructions for each Instrument. You will experience that the difficult cases will be easy, and the easy cases easier. Ask your Salesman to furnish you with a whole Set of 16 Elevators on Approval for 30 Days, or communicate with us. Do not fail to see our exhibit at the forthcoming convention.

NEWS ITEMS

(Continued from page 7)

courses, "Newer Concepts in Periodontics," to be given February 2 through 6. Course leader is Max Gratzinger, M.D., D.D.S., M.S., associate professor emeritus of oral pathology.

Other courses to be offered during February are: "Basic Oral Surgery"—February 2-6; "A Practical Approach to the Use of Gold Foil"—February 2 and 3, and "Endodontics"—February 25-27.

Applications and further information may be obtained from the Director of Dental Postgraduate Study, Northwestern University Dental School, 311 E. Chicago Ave., Chicago 11.

UNIVERSITY OF ILLINOIS TWO-DAY REFRESHER COURSE

On February 12th and 13th, 1959, immediately following the Midwinter Meeting of the Chicago Dental Society, a postgraduate refresher course in premedication and anesthesia will be offered by the University of Illinois College of Dentistry. For further information, contact

the Division of Postgraduate Education, University of Illinois College of Dentistry, 808 South Wood Street, Chicago 12.

DENTAL ARTS CLUB NEWS

All members are cordially invited to attend the formal Dinner-Dance at the LaSalle Hotel, Saturday evening, January 24th.

Dr. M. V. Kaminski will be the speaker at the next scientific meeting of the Dental Arts Club of Chicago on January 27th at the Chicago Society Club House. Be sure to attend as this will be a very interesting and informative lecture.—*Jerome C. Chyrek, D.D.S.*

HYGIENISTS' LUNCHEON

The annual Midwinter Luncheon of the Illinois Dental Hygienists Association will be held on February 9th in the Lower Tower Ballroom of the Conrad Hilton. The luncheon speaker will be Mr. Clyde Williams, author of *Alaska Sour-dough*. Stories of his experience along "The Alcan Way" are of greater interest since the advent of Alaskan statehood.

We are looking forward to seeing you at

FRINK DENTAL SUPPLY COMPANY

Representing all leading manufacturers—
supplies, teeth, equipment

4753 Broadway

Long Beach 1-3350-3351

on silver look for Sterling

on teeth look for the Crescent

The word "sterling" on silver is the customer's guarantee of true quality. It protects him against the substitution of something which may appear to be the same, yet is of inferior value.

You are protected in the very same way when you prescribe Trubyte Tooth Products. Every Trubyte Tooth Product carries an identification which makes substitution of an inferior product an impossibility.

The embossed Crescent Trademark which appears on the lingual surfaces of all anterior forms, and on the saddle or ridge lap area of posteriors, distinguishes Trubyte Tooth Products from all others. It serves as your final check that the tooth specification has been precisely followed—the way you want it! It prevents substitution, either by intention or mistake.

To achieve the finer functional and esthetic results which are possible with Trubyte Tooth Products, always be *sure*. Always look for the *Crescent Trademark*.

KRAMER EXHIBIT

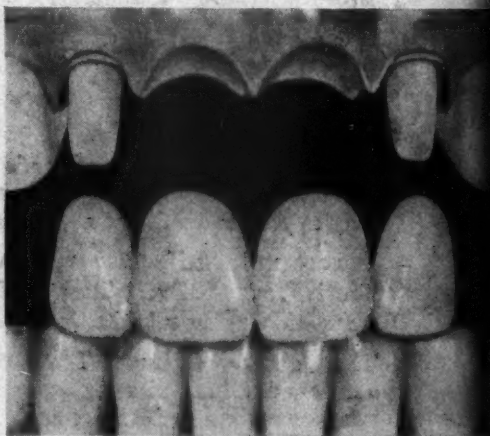

Booth 25

**CHICAGO
MIDWINTER
MEETING**

Once each year during your annual meeting we have the opportunity to show what progress we have made in the highly specialized field of fixed crown and bridgework.

This opportunity for dentist and technician to discuss what was done or has happened during the past year and then consider what could transpire during the forthcoming year makes for a most constructive educational period.

We shall look forward to your visit at our booth.
